## DYNAMIC ENGINEERING

Julian Read  
2 Years Experience

### EDUCATION:

BS In Construction Management - Florida Gulf Coast University  
Extra Program

### EXPERIENCE:

Mr. Read started with Dynamic in 2024. He has experience in overseeing and coordinating the technical and logistical aspects of various construction projects. His role has involved collaborating with project managers, architects, contractors, and subcontractors to ensure projects are completed on time, within budget, and to the highest quality standards. His experience includes conducting site inspections, resolving technical issues, and preparing detailed reports on project progress and performance. Mr. Read is proficient at reading construction drawings, and utilizing construction software.
